Fire Investigation Training

Greater Naples Fire Rescue District will be hosting live fire origin and cause investigation training. Agencies from Collier and Lee County Arson Task Force, Collier County Sheriff's Office, Collier County Code Enforcement, Florida State Fire Marshal's Office and FBI will be participating in several intentionally set fires for the purpose of firefighter safety and origin and cause investigation.

The training will take place at 4800 Palmetto Court, Naples, FL on Wednesday September 9, 2015. Training is scheduled to run from 9:00 AM to 2:00 PM.

Naples Botanical Gardens has generously donated a structure for the purpose of this training. The Greater Naples Fire Rescue District, along with fire investigators from other local entities, will be simulating small fires inside the structure that will allow investigators the opportunity to recognize the origin and cause of fires in a controlled environment.

*If you would like more information regarding this topic, or to schedule an interview,
please contact the Greater Naples Fire Rescue District Headquarters.*
