GREATER NAPLES ENHANCES ALS SERVICES

Greater Naples Fire Rescue District has initiated a fourth Advanced Life Support (ALS) Engine Company today at Station 73 on Collier Blvd. This is the first time ALS services are being provided in the north part of the District. The District began providing fire based ALS services in October, 2014 at Stations 21, 22 and 23. The Greater Naples Fire Rescue District continues to strive to serve the citizens of Greater Naples with as many Fire Engines staffed with ALS trained Paramedics as possible.

If you would like more information regarding this topic, or to schedule an interview, please contact the East Naples-Golden Gate Fire Control & Rescue District Joint Headquarters.
