### Boat 90 Dedication Ceremony

Greater Naples Fire Rescue District welcomes the community to join us on May 26, 2017 at 11:00 a.m. at Fire Station 90 located at 175 Capri Blvd. Naples, FL 34113 to formally dedicate Boat 90. This 38' aluminum hull boat is equipped with state of the art firefighting and rescue equipment capable of safely transporting crew members and victims in a fully enclosed pilot house. Boat 90 is capable of providing advance life support medical care, flowing firefighting water at more than 500 gallons per minute, providing firefighters with quick access to beaches via bow access and is capable of locating victims in the water from its forward looking infrared camera (FLIR). Boat 90 is a unique asset and will greatly enhance marine based fire rescue capabilities within the District's waterways.

The public is invited to join us for the ceremony and a tour of the boat. Light refreshments will be served.
