Live Fire Training

Greater Naples Fire Rescue District will be conducting live fire training March 6, 7 and 8, 2018 at an acquired structure located at 2101 County Barn Rd. from 8:00 a.m. to 5:00 p.m. each day.

Neal Communities has been generous enough to donate the structure for this training. The Greater Naples Fire District, along with neighboring fire districts, will be igniting small fires inside the structure allowing firefighters the opportunity to recognize changing fire conditions in a controlled environment. Each day, once the training is completed, all fires will be extinguished completely and the structure will be deemed safe prior to the departure of fire personnel.

All live fire training exercises are carefully planned and closely controlled by certified Live Fire Instructor Trainers. For further information on this training, please contact Greater Naples Fire Training Captain Rusty Godette at rgodette@gnfire.org.

*If you would like more information regarding this topic, or to schedule an interview,
please contact the Greater Naples Fire Rescue District Headquarters.*
